WORK EXPERIENCE

Front-End Developer
March 2025- August 2025

Happy Trainers

- Built and optimized responsive front-end features with React and Next.js, improving page load performance by 30%.
- Migrated backend services from Firebase to Supabase, reducing data response latency and improving scalability.
- Implemented AI-powered meal and exercise planning tools, boosting user engagement by 15%.
- Enhanced overall application responsiveness and cross-device usability, ensuring a seamless user experience.

Front-End Developer Intern
June 2023 - August 2024

BrandAfraz

- Implemented multi-language support using Next-Intl, increasing accessibility and improving global user retention.
- Designed and developed reusable dashboard UI components, ensuring design consistency, responsiveness, and improved user experience.

Freelance Front-End Developer
June 2023 - June 2024

Ponisha & Karlancer

- Provided front-end solutions for a variety of client projects, emphasizing clean, efficient code and maintainable architecture.
- Developed production-ready applications for clients utilizing React, TailwindCSS, and API integrations.

PROJECTS
